

# Mr. Glenn I Carp, MBBCh, FC Ophth (SA)

**GMC No:** 4658933 - Full

**MPS No:** 07/18874

## **Last GMC approved Appraisal – 31/12/2012**

As a highly skilled and professional doctor, I am dedicated to forging a career as a Consultant in Ophthalmology as well as improving my knowledge and skills in the fields of corneal pathology and refractive surgery. My ability to empathise with my patients and colleagues enables me to develop strong professional relationships, and I am a firm believer in leading by example, taking an assertive and consistent approach whilst ensuring to recognise the strengths of individual team members and allowing them to develop accordingly. With a wealth of clinical expertise and the ability to use my initiative and excel under pressure,

## **EDUCATION AND QUALIFICATIONS**

- Sep 2007**     **British Royal College of Ophthalmology – Refractive surgery exam**  
London, UK
- May 2003**     **FC Ophth (SA) Part 2**  
Cape Town, South Africa
- Sep 1999**     **FC Ophth (SA) Part 1**  
Cape Town, South Africa
- Nov 1999**     **Advanced Cardiac Life Support**  
Johannesburg, South Africa
- Apr 1997**     **Advanced Trauma Life Support**  
Johannesburg, South Africa
- Dec 1996**     **MBBCh**  
University of the Witwatersrand, Johannesburg, South Africa

## **PRESENT POSITION**

**Dec 2007 – Present**     **Refractive Surgeon, Ophthalmology**  
London Vision Clinic, London

- Laser refractive and corneal collagen cross linking surgery
- Management of pre, intra and post operative patient care
- After hours on call duties on a daily basis
- Management and co-ordination of staff in relation to day to day work activities and training
- Principal liaison, co-ordinator and teacher for training, supervision and surgery performed by external consultant ophthalmologists performing surgery and outpatient clinics at the London Vision Clinic

- Involved with development and maintenance of “good clinical practice” related issues
- Management of complex LASIK repair and enhancement cases for patients having suffered previous unsuccessful refractive surgery or regression post previous surgery.

## **CAREER HISTORY**

**May 2007 – Nov 2007      Refractive Surgeon, Ophthalmology**  
 Optimax Laser Eye Clinic, Peterborough  
 Under supervision of Mr Ambrose

- Laser refractive surgery
- Management of pre, intra and post operative patient care
- After hours on call duties on a daily basis
- Advanced training for Laser refractive surgery using the following:
  - Nidek excimer laser
  - Moria microkeratome
  - IntraLase femtosecond laser
  - OPD wavefront and Pentacam corneal scanner
  - Programming custom wavefront guided excimer laser profiles

**May 2006 – Nov 2007      LASER Refractive Fellowship, Ophthalmology**  
 London Vision Clinic, London  
 Under supervision of Professor Dan Reinstein

- Corneal collagen cross linking and laser eye surgery.
- Management of pre, intra and post operative patient care.
- After hours on call duties on a daily basis.
- Trained to use the following equipment:
  - MEL 80 excimer laser
  - VisuMax femtosecond laser
  - Hansatome microkeratome
  - WASCA wavefront analyser
  - Atlas corneal topographer
  - Orbscan and Pentacam Topographer
  - Ocular Response Analyser
  - Programming custom wavefront guided excimer laser profiles
  - IROC corneal collagen cross linking platform
  - PriaVision corneal collagen cross linking platform

**Jun 2007                      Locum Consultant, Anterior Segment Unit,**  
**Ophthalmology**  
 Western Eye Hospital, London

- Two week post managing the Anterior Segment and Corneal clinics
- Lead clinician and supervisor for all surgical theatre sessions for the anterior segment unit

- Supervision of staff grade, registrar and SHO personnel attached to the anterior segment unit
- Supervision of all inpatients admitted under the care of the anterior segment unit

**May 2006 – May 2007      Anterior Segment Fellowship, Ophthalmology**  
Western Eye Hospital, London  
Under supervision of Miss Melanie Corbett

- Weekly Anterior Segment and Corneal Clinic sessions
- Weekly Anterior Segment and Corneal Theatre sessions
- In and out patient care of corneal, anterior segment and general ophthalmic patients
- Accident and emergency cover on a bi-weekly basis
- Daily after hours “on call” availability for the Anterior Segment and Corneal unit
- Surgical training in corneal and anterior segment microsurgery
- Weekly Medical contact lens clinic care
- Clinical teaching of medical students, nursing staff and involvement in the West London Teaching Program
- Weekly departmental clinical meeting attendance
- Trained in the following:
  - Medical contact lens fitting and patient care
  - Advanced techniques in cataract phacoemulsification, penetrating and lamellar corneal graft surgery, anterior segment trauma and reconstruction, pterygium surgery and management of corneal limbal stem cell damage
  - Inpatient management of corneal ulcerative conditions
  - Inpatient management of ocular cicatricial conditions
  - Inpatient management of anterior segment trauma

**Jan 2006 – Apr 2006      Locum Senior House Officer, Ophthalmology**  
Western Eye Hospital, London  
Under supervision of Miss Olver, Mr Bloom, Mr Migdal and Mrs Ferguson

- Performed clinic work in Oculoplastics, Glaucoma, Neuro-ophthalmology, alongside general clinics
- Performed surgical sessions in Oculoplastics, Glaucoma, Cataract and Adult strabismus units
- Bi weekly Accident and emergency sessions
- On site casualty day and night sessions
- Clinical teaching of medical students, nursing staff and involvement in the West London Teaching Program

**Nov 2005 – Dec 2005      Locum Staff Grade, Ophthalmology**  
Royal Preston Hospital, Preston

- Undertook clinic work in oculoplastics, glaucoma, medical retina, general and neuro-ophthalmology

**Sep 2005 – Sep 2005**

**Locum Staff Grade, Ophthalmology**  
Watford General Hospital, London

- Undertook clinic work in oculoplastics, glaucoma, medical retina, general and neuro-ophthalmology

**Jun 2005 – Jul 2005**

**Locum Staff Grade, Ophthalmology**  
Maidstone General Hospital, Maidstone  
Under supervision of Miss Carol Jones

- Undertook clinic work in oculoplastics, glaucoma, medical retina and general ophthalmology
- YAG and argon laser sessions
- Minor operations sessions
- Satellite clinic work at Sittingbourne, Medway, Pembury and Tenderden Hospitals
- On call after hours day and night sessions at Maidstone General Hospital

**May 2005 – Jun 2005**

**Locum Staff Grade, Ophthalmology**  
Worcester Royal Hospital, Worcester  
Under supervision of Mr Paul Chell

- Undertook clinic work in glaucoma, diabetic, medical retina and cornea
- ND-YAG and argon laser sessions

**Jan 2005 – Apr 2005**

**Career Break**  
Awaiting visa to move to UK

**Jan 2004 – Dec 2004**

**Consultant, Ophthalmology**  
Chris Hani Baragwanath Hospital, Johannesburg,  
South Africa

- Consultant ophthalmologist in the glaucoma specialist clinic, general clinic and accident and emergency – eight half-day sessions per week
- Private practice - two half-day sessions per week
- Laser surgery performed included argon laser: PRP, grid, focal, 360° peripheral laser, Nd/YAG laser capsulotomy, peripheral iridectomy, selective laser trabeculoplasty and cyclophoto-laser therapy
- Other surgical procedures include cataract, trabeculectomy, pars plana vitrectomy, retinal detachment repair, squint surgery, corneal graft surgery and eyelid and corneal-scleral repair
- After hours on call sessions on a monthly basis
- Member of the Consultant Management committee, Department of Ophthalmology, University of Witwatersrand, Johannesburg, South Africa

**Jan 2000 – Dec 2003**

**Registrar, Ophthalmology**

Chris Hani Baragwanath Hospital, Johannesburg  
Hospital, Johannesburg, South Africa  
Under supervision of Prof TR Carmichael, Dr  
Grant McLaren

- Laser surgery performed included argon laser PRP, grid, focal, 360° peripheral laser, Nd/YAG laser capsulotomy, peripheral iridectomy, selective laser trabeculoplasty and cyclophoto-laser therapy
- Other surgical procedures include cataract, trabeculectomy, deep sclerectomy, pars plana vitrectomy, retinal detachment repair, squint surgery, lid surgery - entropion, ectropion, ptosis and eyelid and corneal-scleral repair, corneal graft surgery
- Assisted with dacryocystorhinostomy
- After hours ophthalmic accident and emergency calls

**Jan 1999 – Sep 1999**

**Research Post, Ophthalmology**

Department of Ophthalmology, University of the  
Witwatersrand, Johannesburg, South Africa  
Under supervision of Professor T R Carmichael

- This involved the evaluation of a six and a half-year study on the assessment of the Johannesburg Hospital diabetic clinic and the adequacy of their referral system of patients with diabetic retinopathy to the Ophthalmology Department.
- Weekly surgical theatre sessions
- Training and lecturing of the fifth year medical school trainees

**Jul 1998 – Dec 1998**

**Senior House Officer, Ophthalmology**

Johannesburg Hospital, Johannesburg, South  
Africa  
Under supervision of Professor T R Carmichael

- After-hours ophthalmic emergency calls
- Weekly theatre session at Johannesburg Hospital plus bi-weekly after hours trauma surgical session at St John Eye Hospital, Chris Hani Baragwanath Hospital on an on call basis
- Surgery performed included extra-capsular cataract extractions and intraocular lens insertions, anterior chamber / corneal-scleral repairs, eviscerations, lid repairs and pterygium surgery
- Performed Nd-YAG and argon laser training sessions

**Jan 1998 – Jun 1998**

**Medical Officer, Ophthalmology**

Frere Hospital, East London, South Africa  
Under supervision of Dr Peter Alexander

- After-hours ophthalmic emergency calls
- Weekly clinic work at Frere Hospital and Cecilia Makewane Hospital, East London

- Surgery performed included extra-capsular cataract extractions and intraocular lens insertions, anterior chamber / corneal-scleral repairs, eviscerations, lid repairs and pterygium surgery
- Performed Nd-YAG and argon laser training sessions
- Satellite ophthalmic clinic work and surgery at Frontier Hospital, Queenstown, South Africa.

**Jan 1997 – Dec 1997**

**Medical Intern**

**Internal Medicine, General Surgery,  
Orthopaedics, Obstetrics and Gynaecology  
and Accident and Emergency**

Frere Hospital, East London, South Africa

Under supervision of Dr Tim Sole

- 4 months General medicine rotation
- 4 months General surgery rotation
- 2 Months Orthopaedics rotation
- 2 Months Obstetrics and Gynaecology rotation

## **CLINICAL SKILLS AND EXPERIENCE**

During my career I have gained wide surgical experience and am able to perform a comprehensive list of ophthalmological procedures as indicated in my surgical log book. I am competent to perform all of these independently and am also able to undertake the following complex procedures:

- Selective laser trabeculoplasty
- Argon laser trabeculoplasty
- Focal, grid, pan retinal photocoagulation
- Nd-YAG capsulotomy and Peripheral iridectomy
- Retinal hole/tear photocoagulation
- 360° prophylactic retinal photocoagulation

I am also trained and certified in the use of excimer and femtosecond lasers for use in corneal refractive surgery and corneal collagen cross linking used in the treatment of keratoconus.

## **SPECIALIST INTEREST**

Ophthalmology with a subspecialty interest in Anterior Segment, Corneal and Refractive surgery.

## **CONTINUING PROFESSIONAL DEVELOPMENT**

It is vitally important to keep up to date with new techniques and advances in my specialty and as such I attend courses and conferences to do this. I am making a presentation at the forthcoming BCLA Royal Society meeting as an invited speaker.

## **DEVELOPMENT COURSES**

<b>Feb 2012</b>	<b>Zeiss ReLEx training and certification course</b> Tilganga Eye Hospital, Kathmandu, Nepal
<b>Nov 2011</b>	<b>Avedro CXL Certification</b> London, UK

## BOOKS

**'The surgeon's guide to SMILE: Small incision lenticule extraction'**  
Dan Z. Reinstein, Timothy J. Archer, Glenn I. Carp, Editor. Thorofare, NJ: SLACK Incorporated, 2018

## CLINICAL AUDIT

### Annual 2016-present

**'Personal LASIK surgery outcome'**  
London Vision Clinic, London

Oct 2008

**'Personal LASIK surgery outcome'**  
London Vision Clinic, London  
**Role:** Surgeon, data analysis and presentation of results to supervising consultant  
**Guidelines:** Royal College of Ophthalmology guidelines

May 2007

**'Personal cataract surgery outcome'**  
Western Eye Hospital, London  
**Role:** Surgeon, data collection and presentation of results to supervising consultant  
**Guidelines:** Royal College of Ophthalmology guidelines

Mar 2000

**'Diabetic retinopathy screening at the Johannesburg Hospital'**  
Johannesburg Hospital, Johannesburg, South Africa  
**Role:** Gained ethics approval, coordinated research and data collection and presented outcomes at internal department meeting  
**Guidelines:** Departmental protocols

## **AWARDS AND PRIZES**

- Feb 2004**    **'Elie Dahan Prize' Best registrar in Ophthalmology**  
Johannesburg, South Africa
- Mar 2000**    **'Tetje Pattison Bequest' Research in Ophthalmology**  
Johannesburg, South Africa
- Mar 2000**    **'OSSA 2000 Registrar Prize' Best presentation – joint  
winner**  
Johannesburg, South Africa

## **LEADERSHIP AND MANAGEMENT EXPERIENCE**

Leadership and management skills are vital in promoting good clinical practice and ensuring the smooth running of a team. I have undertaken the following during my career:

- I currently play an active role in the day to day management and organisation of the London Vision Clinic and am an active participant in the weekly management meetings.
- Principle surgeon in the management of keratoconus treatment at the London Vision Clinic.
- Committee member 5 years (Treasurer 3 years) of the Medical Contact Lens and Ocular Surface Association
- Committee member of the Consultant Management committee, Department of Ophthalmology, University of Witwatersrand, Johannesburg, South Africa 2004
- Representative of the intern medical doctors to the Hospital board at Frere Hospital, East London, South Africa 1997
- Representative of the National Interns Alliance, Border region, South Africa 1997

## **TEACHING EXPERIENCE**

Teaching is of great importance and I am always keen to pass on my skills and knowledge to junior colleagues as was afforded to me during my early career. I have undertaken the following teaching activities:

- I have been responsible for the training of four clinical fellows at the London Vision Clinic in conjunction with Prof Dan Reinstein. Each fellow completed a one year laser refractive clinical observer ship with an emphasis in both pre and post operative as well as surgical management of Laser refractive surgery and corneal collagen cross linking for keratoconus.
- I am currently lecturing 5<sup>th</sup> year medical students in general ophthalmology as an invited guest lecturer on an informal basis
- I am a lecturer bi annually to groups of optometrists on topics related to laser eye surgery and keratoconus treatment run by the London Vision Clinic
- Teaching sessions at the London Vision Clinic on Refractive laser surgery, Keratoconus and general ophthalmology to optometrists and nursing staff
- Acted as ICCAT examiner, St Mary's Hospital, London, UK
- Lectured to nursing staff at Western Eye Hospital on keratoconus, corneal graft surgery, microbial keratitis and ophthalmic emergencies
- Delivered internet-based lectures for the graduate entry medical program for the University of Witwatersrand on anatomy of the retina and the visual pathway
- Lecturer to fifth-year medical students on glaucoma and neuro-ophthalmology

- Lecturer at fortnightly tutorials to fifth-year medical students for the full academic year at University of Witwatersrand from 1999 to 2004
- Lectured on the HIV Diploma course at University of Witwatersrand on Ophthalmic pathology in relation to HIV from 2002 to 2004
- Lectured to nursing students at Johannesburg Nursing College and Chris Hani Baragwaneth Hospital

## **IT SKILLS**

I am computer literate and am confident in using Microsoft Office, (Advanced training in Microsoft Word and Excel) Adobe Photoshop, NexTech EMR and the Internet.

## **PERSONAL INTERESTS**

I am currently involved in the London Vision Clinic Foundation, established to provide humanitarian Laser Eye Surgery in Kathmandu, Nepal. I have been involved in the medical and surgical care of patients as well as in the training of both the surgeon, optician and laser technician for the refractive unit established at the Tilganga Eye Hospital in Kathmandu. I have so far led a week long clinical and surgical treatment and training program at the unit in February 2012. In addition I am one of two clinicians responsible for reviewing patient care and clinic systems via a telemedicine internet based system on a weekly basis.

I have also undertaken charity work for The Bureau for the Prevention of Blindness and performed cataract surgery on their cataract outreach camps in South Africa. I participated in 12 tours over a 6 year period. These tours, in addition to cataract surgery, involved screening and general ophthalmic outpatient clinic sessions for the local indigenous population in rural areas throughout South Africa.

On a personal level I enjoy photography, fly fishing, scuba diving, snow skiing, swimming, and trekking.
